

# CHAP GOVERNMENT SOLUTIONS

A DBA of Chapadapa Enterprises

◆ Mission-Ready Cybersecurity for the Federal Enterprise ◆

## COMPANY OVERVIEW

Chap Government Solutions is a veteran-owned cybersecurity firm delivering enterprise-grade security engineering, threat intelligence, and compliance services to U.S. Department of Defense and federal civilian agencies. Founded by a Top Secret-cleared, CI-Poly eligible U.S. Army veteran with 5+ years of progressive cybersecurity engineering experience at Raytheon Technologies (RTX), we combine hands-on operational expertise with deep knowledge of federal security frameworks to protect mission-critical systems and data.

## CORE COMPETENCIES

|   |  |
|---|--|
| ▶ <b>Cybersecurity Engineering &amp; System Hardening</b> STIG, CIS, SCAP           | ▶ <b>Vulnerability Assessment &amp; Pen Testing</b> Nessus, Burp Suite, Metasploit |
| ▶ <b>Cyber Threat Intelligence &amp; Threat Hunting</b> IDS/IPS, SIEM, APT Analysis | ▶ <b>Zero Trust Architecture Implementation</b> ICAM, SASE, SDP, ZTNA              |
| ▶ <b>RMF &amp; CMMC Compliance</b> NIST 800-171, CMMC L1-3, DCAA Audit Prep         | ▶ <b>Cloud Security &amp; Database Management</b> AWS GovCloud, Azure Gov, FedRAMP |

## PAST PERFORMANCE / RELEVANT EXPERIENCE

### Raytheon Technologies (RTX) — Cyber Security Engineer II | Mar 2020 - Feb 2024

- **Accreditation & Cybersecurity Engineering:** Led STIG/CIS/SCAP implementation, managed eMASS workflows, supported ATO packages across DoD enclaves.
- **Risk & Compliance / Security Engineering:** Documented security controls per NIST SP 800-53/800-171, performed trade studies, scripted hardening procedures.
- **Cyber Threat / Security Engineering:** Analyzed IDS alerts, firewall logs, network traffic for APT indicators; produced threat briefs for senior stakeholders.

- **Environment:** DoD classified networks, SIPR/NIPR, AWS instances, Linux/Windows Server.
